1. SPEAKER PROFILE & BIO

Daher Daher is a Senior Software Engineer at NVIDIA, AI Consultant, and Founder of the Arab AI Collective. A Computer Engineering graduate from the Technion with 8+ years of industry experience across NVIDIA, IBM Research, Augury, Hexa, and Amdocs, Daher has delivered 40+ hands-on workshops and keynotes to over 600+ engineers, executives, and cross-functional teams across 20+ organizations.

2. WORKSHOP CATALOG (WORKSHOP MENU)

Track 01: AI Strategy Sprint (Executives & Decision Makers)

Duration: Half-Day / Full-Day | Format: On-Site or Live Virtual

Identify where AI creates genuine business value inside your organization and what pitfalls to avoid before investing.

- Organization-wide AI opportunity map & readiness assessment
- 3-5 high-ROI, actionable AI use cases tailored to your business
- Governance, privacy, security, and implementation roadmap

Track 02: AI Productivity Lab (Cross-Functional & Operations Teams)

Duration: 90-180 Min Hands-On Session | Format: Interactive Workshop

An interactive lab where participants apply AI to writing, research synthesis, data analysis, and daily workflow automation.

- Ready-to-use prompt frameworks and templates for immediate adoption
- Streamlined daily team workflows across product, ops, marketing, and HR
- High team confidence using modern AI tools (ChatGPT, Claude, Copilot, NotebookLM)

Track 03: AI for Builders & Developers (Software & Engineering Teams)

Duration: Half-Day Technical Deep-Dive | Format: Hands-On Coding Lab

Deep-dive training for engineers on AI-assisted coding, building autonomous AI Agents, MCP, and shipping faster with high quality.

- AI-native software engineering workflow (planning, code review, testing)
- Building production-grade AI Agents, tool use, and workflow automation
- Evaluation, guardrails, and reliability patterns for LLM applications

3. MEDIA KIT & BOOKING INFORMATION

- Languages Delivered: Arabic (Native), English (Fluent), Hebrew (Fluent)
- Featured Media: Musawa TV Channel, Al-Shams Radio, Fursa Tech Panels, Arab AI Collective
- Trusted By Teams At: HasoubLabs, Harmony Community, Co-Impact Mashbak, Datahack, Tsofen, Northmed
- Discovery Call Booking: https://calendly.com/daher-1995/30min
- Direct Contact: daher.1995@gmail.com | +972-54-802-0842
